**GLOBAL NOTES AND STATEMENT OF LIMITATIONS,
METHODOLOGY, AND DISCLAIMER REGARDING
DEBTORS' SCHEDULES AND STATEMENTS**

The *Schedules of Assets and Liabilities* and *Statements of Financial Affairs* (the “Schedules” and “Statements,” respectively) filed by the above-referenced debtors and debtors in possession (each a “Debtor” and, collectively, the “Debtors”), in the United States Bankruptcy Court for the Southern District of Texas (the “Bankruptcy Court”), were prepared by the Debtors’ management, with the assistance of the Debtors’ personnel, pursuant to 11 U.S.C. § 521² and Federal Rule of Bankruptcy Procedure 1007 and are unaudited. Subsequent information may result in material changes in financial and other data contained in each of their Schedules and Statements. The Debtors reserve their right to amend each of their Schedules and Statements from time to time as may be necessary or appropriate. These *Global Notes and Statement of Limitations, Methodology, and Disclaimer Regarding Debtors’ Schedules and Statements* (the “Global Notes”) are incorporated by reference in, and comprise an integral part of, each of the Schedules and Statements, and should be referred to and reviewed in connection with any review of the Schedules and Statements.

1. Case. On December 12, 2008 (the “Petition Date”), each Debtor filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code in the Bankruptcy Court. Unless otherwise indicated, the information provided is as of the close of business on the Petition Date.

2. Joint Administration. Pursuant to an order entered December 15, 2008 (Dkt. No. 15), the Debtors’ respective chapter 11 cases are jointly administered under the case name and caption set forth above. Notwithstanding the joint administration of the Debtors’ cases, each Debtor has filed its own Schedules and Statements in its respective chapter 11 case.

¹ The Debtors are: (1) CD Exploration, LLC, (2) CDX Acquisition Company, LLC, (3) CDX Barnett, LLC, (4) CDX Bishop Creek, LLC, (5) CDX East, LLC, (6) CDX Gas International, LLC, (7) CDX Gas, LLC, (8) CDX Isolate, LLC, (9) CDX Minerals, LLC, (10) CDX North America, LLC, (11) CDX Operating, LLC, (12) CDX Panther, LLC, (13) CDX Plum Creek, JV, (14) CDX Sequoya, LLC, (15) CDX Services, LLC, (16) CDX Shale, LLC, (17) CDX Tapicito, LLC, and (18) CMV Joint Venture.

² Unless otherwise stated herein, section references are to 11 U.S.C. § 101, *et seq.* (the “Bankruptcy Code”).

3. Amendments. The Debtors each reserve the right to amend the Schedules and Statements in all respects at any time as may be necessary or appropriate, including without limitation, (a) to assert offsets or defenses to any claim, (b) to amend the amount, liability, or classification of any claim, or (c) to otherwise designate any claim as contingent, unliquidated or disputed. Any failure to designate a claim as contingent, unliquidated, or disputed does not constitute an admission by any Debtor that such claim is not contingent, unliquidated, or disputed.

4. Estimates and Assumptions. The preparation of the Schedules and Statements required the Debtors to make estimates and assumptions with respect to the reported amounts of assets and liabilities, the value of contingent assets and liabilities, and the reported amounts of revenues and expenses during the applicable reporting periods. Actual results could differ from those estimates.

5. Prepetition v. Postpetition. The Debtors have allocated liabilities between the prepetition and postpetition periods based upon information from research conducted in connection with the preparation of the Schedules and Statements. As additional information becomes available and further research is conducted, the identification of liabilities as prepetition or postpetition may change.

6. GAAP. Given the difference between the financial information requested in the Schedules and Statements and used under generally accepted accounting principles in the United States (“GAAP”), the aggregate asset values and claim amounts set forth in the Schedules and Statements may not reflect the amounts that would be set forth in a balance sheet prepared in accordance with GAAP.

7. First-Day Orders; Payments to Employees and Royalty Owners. Pursuant to various orders issued by the Bankruptcy Court in the first days of the chapter 11 cases, the Debtors were authorized to pay certain outstanding prepetition claims, including, claims related to royalty interests and employee compensation, benefits, reimbursable business expenses, and related administrative costs. Because of this, certain of the Debtors’ Schedules may set forth the Debtors’ estimate of the claims of creditors as of the Petition Date, without giving affect to the payments made pursuant to these orders. Although such amounts have been paid and are no longer owed, such claims may nevertheless be listed on the Schedules and Statements, or they may be listed in a different amount than the actual amount due and owing to such creditors as of the Petition Date. Because of this, the Debtors have listed such liabilities, including royalty liabilities, as “contingent, unliquidated, and disputed” to reflect that such amounts may have already been paid in the ordinary course of business.

8. Causes of Action. The Debtors reserve all of their causes of action. Furthermore, nothing contained in the Schedules and Statements shall constitute a waiver of any claim or cause of action that may be asserted, including equitable subordination, causes of action arising under chapter 5 of the Bankruptcy Code, and any other causes of action arising in these chapter 11 cases or under applicable non-bankruptcy law.

9. Insiders. Where the Schedules or Statements require information concerning officers, directors or insiders, included therein are each of the Debtor's (a) directors (or persons in similar positions) and (b) employees that are, or were during the relevant period, officers (or persons in control). Employees may have been included in this disclosure for informational purposes only and are not necessarily "insiders" as defined in § 101(31) or as otherwise defined by applicable law, including without limitation, any state or federal securities law. The listing of a party as an insider is not intended to be nor should it be construed as a legal characterization of such party as an insider, nor should it be construed as an admission that such party is an insider, all such rights, claims, and defenses being expressly reserved.

10. In re Flood Litigation No. 02-c-797 (Mass Litigation Panel Circuit Court, Raleigh County, West Virginia). Various Debtors are party to a consolidated mass flood litigation pending in Raleigh County, West Virginia involving hundreds of plaintiffs and defendants. Due to the volume of parties involved, coupled with the Debtors' low estimated liability under such suits, these litigants have not been listed within the Schedules and Statements. The Debtors, however, have made reasonable efforts to ensure such parties were informed of the pending bankruptcy proceedings.

11. Categories or Labels Use in Schedules and Statements. Information requested by the Schedules and Statements requires the Debtors to make judgments regarding the appropriate category in which information should be presented or how certain parties, claims or other data should be labeled. The Debtors' decisions regarding the category or label to use is based on the best information available as of the filing of these Schedules and Statements and within the time constraints imposed. The Debtors reserve the right to modify, change, or delete any information in the Schedules and Statements by amendment, including to the extent some information currently presented should be moved to a different category or labeled in a different way.

12. Summary of Significant Reporting Policies and Practices. The following conventions were adopted by the Debtors in preparing the Schedules and Statements:

- a. Fair Market Value; Book Value. For the preparation of these Schedules and Statements, it would be prohibitively expensive, unduly burdensome, and time-consuming to obtain current market valuations of all of the Debtors' property interests on a debtor-by-debtor basis. Accordingly, each asset and liability of each Debtor is shown on the basis of the net book value of the asset or liability in accordance with the Debtors' accounting or tax books and records as of the Petition Date. As applicable, assets that have been fully depreciated or were expensed for accounting purposes have no net book value. Unless otherwise noted, the Schedules reflect the net book value of the liabilities as listed in the Debtors' books and records, and are not based upon any estimate of their current market values, which may not correspond to book value. For this reason, amounts ultimately realized may vary from net book value and such variances may be material. Unless otherwise indicated, all amounts are listed as of the Petition Date. The Debtors expressly reserve all rights with respect to valuations during these Bankruptcy Cases.

- b. Leased Real and Personal Property. In the ordinary course of its business, the Debtors lease real and personal property, including furniture, fixtures and equipment, from certain third-party lessors. Nothing in the Schedules or Statements is or shall be construed as an admission or determination as to legal status of any lease (*e.g.*, as a true lease or financing arrangement), and the Debtors reserve all rights with respect to such issues.
 - c. Claims. The Schedules and Statements generally identify parties holding claims existing as of the Petition Date. The Bankruptcy Court, however, has authorized the Debtors to continue certain prepetition practices and make payments in respect of certain prepetition claims. Accordingly, certain of the claims identified in the Schedules and Statements may already have been paid.
 - d. Disputed, Contingent and Unliquidated Claims. The Debtors may designate certain claims on Schedules D, E and F as disputed, contingent and/or unliquidated, as applicable. Any failure to designate a claim on the Schedules and Statements as disputed, contingent, and/or unliquidated does not constitute an admission that such claim is undisputed, noncontingent and/or liquidated, as applicable. The Debtors reserve the right to dispute, or assert offsets or defenses to, any claim reflected on the Schedules and Statements as to amount, liability, or status.
13. Summary of Significant "Schedules" Conventions. The following conventions were adopted by the Debtors in preparation of the Schedules:
- a. Schedule A: In accordance with the proposed Rules for Complex Chapter 11 Cases Involving Debtors Engaged in Drilling, Exploration, Development and/or Operation of Oil, Gas, and Mineral Properties, all hydrocarbon leases are listed on Schedule A, regardless of whether such lease is considered an executory contract, versus an interest in real property, in the relevant jurisdiction. Moreover, the Debtors' surface use agreements related to such leases are also listed on Schedule A. The Debtors' listing of such leases and agreements on Schedule A is not indicative of whether the Debtors consider such leases and agreements unexpired leases or executory contracts. Hydrocarbon leases are disclosed on Schedule A in three parts: the overall book value of the leases by Debtor is disclosed on a summary schedule, while schedules listing (i) the leases by prospect and (ii) the wells within a prospect and the Debtor's interest in such wells are attached as supporting information.
 - b. Schedule B1 (CDX Acquisition Company, LLC only). On Schedule B1, Debtor CDX Acquisition Company, LLC ("Acquisition") lists a joint escrow account held with JPMorgan Chase (Acct XXXX4543, the "Joint Escrow Account"). The Joint Escrow Account was established in relation to the Debtors' initial purchase in order to provide indemnification to the Debtors with respect to specified

claims. The escrowed funds are not available for use by the Debtors in their general operations.

- c. Schedule B16. The Debtors maintain a consolidated cash management system, whereby all funds flow up and through CDX Gas, LLC in the ordinary course of business. These transfers to, and payments by, CDX Gas, LLC create intercompany receivables, a detailed list of which would be unduly burdensome and cost prohibitive to provide. If necessary, the Debtors will provide a detailed listing of the intercompany transfers. Intercompany payables and receivables are provided in the relevant Schedules.
- d. Schedule D. Except as otherwise agreed pursuant to a stipulation or order entered by the Bankruptcy Court, the Debtors reserve their rights to dispute or challenge the validity, perfection, or immunity from avoidance of any lien purported to be granted or perfected in any specific asset to a secured creditor listed on Schedule D of any Debtor. Moreover, except as otherwise agreed pursuant to a stipulation or order entered by the Bankruptcy Court, the Debtors reserve all rights to dispute or challenge the secured nature of any such creditor's claim or the characterization of the structure of any such transaction or any document or instrument (including without limitation, any intercompany agreement) related to such creditor's claim. In certain instances, a Debtor may be a co-obligor or guarantor with respect to scheduled claims of other Debtors, and no claim set forth on Schedule D of any Debtor is intended to acknowledge claims of creditors that are otherwise satisfied or discharged by other entities. The descriptions provided in Schedule D are intended only to be a summary, and reference should be made to the applicable loan agreements and related documents for a complete description of any collateral and corresponding liens or security interests. Nothing in the Global Notes or the Schedules and Statements shall be deemed a modification or interpretation of the terms of such agreements.

The Debtors have not included on Schedule D any creditor who may assert an interest in property of the estate by way of setoff rights, deposits posted by or on behalf of a Debtor, or inchoate statutory lien rights. Any such creditors may, however, be listed on Schedule F.

The Debtors are still performing their due diligence with respect to the lien status of CDX Barnett, LLC and CDX Shale, LLC, and expressly reserve all rights in that regard.

- e. Schedule E. As part of the "first day" orders, the Debtors were authorized to pay all outstanding, prepetition amounts owing with respect to employee wages and benefits, none of which payments were above the statutory priority cap. Although certain priority amounts may have been outstanding as of the Petition Date, the Debtors have checked "none" with respect to outstanding priority amounts payable with respect to salaries, wages, and commissions to reflect such

payments. Detail regarding amounts paid will be provided to the Office of the U.S. Trustee upon request. The listing of any claim on Schedule E does not constitute an admission by the Debtors that such claim is entitled to priority treatment under 11 U.S.C. § 507. Such claims remain subject to further review and verification.

- f. Schedule F. FAS No. 143 requires that the Debtors track Asset Retirement Obligations, which, in this case, is an estimate of plugging and abandonment liabilities for all wells. Because this potential liability is not tracked by individual creditor, it is listed in bulk on Schedule F under the heading “Asset Retirement Obligations.” The Asset Retirement Obligations may be shared among multiple Debtors. As such, no Asset Retirement Obligation set forth on Schedule F of any Debtor is intended to acknowledge claims that are otherwise satisfied or discharged by other entities.
- g. Schedule G. While reasonable efforts have been made to ensure the accuracy of Schedule G, inadvertent errors, omissions, or over-inclusions may have occurred. Listing a contract or lease on Schedule G does not constitute an admission that such contract or lease is an executory contract or unexpired lease or that such contract or lease was in effect on the Petition Date or is valid or enforceable. Any and all of the Debtors’ rights, claims, and causes of action with respect to the contracts and agreements listed on Schedule G are hereby reserved. In addition, the Debtors may have entered into various other types of agreements in the ordinary course of business, such as supplemental agreements, amendments/letter agreements, and confidentiality agreements. Such documents may not be set forth in Schedule G. The Debtors reserve all rights to dispute or challenge the characterization of the structure of any transaction or any document or instrument related to a creditor’s claim. Omission of a contract or lease from Schedule G does not constitute an admission that such omitted contract or lease is not an executory contract or unexpired lease. The Debtors’ rights under the Bankruptcy Code with respect to any such omitted contracts or leases are not impaired by the omission.

14. Summary of Significant “Statement” Conventions. The following conventions were adopted by the Debtors in preparation of the Statements:³

- a. Statement 3(b) and 3(c). In the ordinary course, and in accordance with business practices established well in advance of the Petition Date, CDX Gas, LLC sweeps funds generated by its operating subsidiaries into accounts held in its name. These pooled funds are then remitted to various operating subsidiaries as necessary to fund the expenses of such subsidiaries. These types of intercompany sweeps and transfers occurred on a daily basis and are reflected in voluminous records. As such, the Debtors have not listed these types of transfers in their

³ References to “Statement XX” are to the corresponding question in the Statement of Financial Affairs.

Statements, but will provide such information upon request by the Office of the U.S. Trustee.

Moreover, in order to protect the privacy of the Debtor's current and former employees, payments made to non-insider employees related to wages and benefits are not disclosed, but will be provided to the U.S. Trustee's Office upon request. Detail with respect to payments to insiders is provided in response to question 3(c). Consistent with the Debtors' Motion for Order Authorizing Non-Insider Employee Retention Plan Under 11 U.S.C. §§ 105, 363(b), and 503(c) (Dkt. No. 14), the Debtors only insider employees are Bob McBride, Ed Donahue, and Mike McCown, as well as those previously holding similar positions with the Debtors. This upper-tier management represents the only employees with control authority over the Debtors and their assets.

- a. Statement 17. The Debtors have made reasonable efforts to include in their response to Question 17, an accurate list of every site for which the Debtors have received written notice by a governmental unit that they may be liable or potentially liable under or in violation of an environmental law. To the extent the Debtors become aware they have omitted any such site, they will amend their Statements.
- b. Statement 19(d). In the ordinary course of the Debtors' businesses, various in-house personnel had access to company books and records, the Debtors issued financial Statements to various interested parties, and the Debtors' financial statements were contained within a virtual data room (a "VDR") maintained by their financial advisor with respect to a potential prepetition sale of the company. In each of these instances, the Debtors financial statements were issued to various parties including, without limitation, financial institutions, creditors, and other parties. The Debtors, however, did not maintain an exact record of the service dates or the date on which all such financial Statements were issued, nor of which third parties specifically reviewed the financial statements in the VDR. As such, financial statements may have been issued to other parties not currently listed in response to Statement 19(d).
- c. Statement 21(b). For purposes of Statement 21(b), the Debtors have listed all individuals with a senior title; however, the Debtors do not consider all of such individuals "insiders" as defined by 11 U.S.C. § 101(31).
- d. Statement 23. The Debtors maintain a consolidated cash management system, whereby all funds flow up and through CDX Gas, LLC in the ordinary course of business. These transfers to, and payments by, CDX Gas, LLC created daily intercompany receivables, a detailed list of which would be unduly burdensome and cost prohibitive to provide. If necessary, the Debtors will provide a detailed listing of the intercompany transfers summarized in Statement 23.

15. General Disclaimer. While those members of management responsible for the preparation of the Schedules and Statements have made good faith and reasonable efforts to ensure that the Schedules and Statements are accurate and complete based on information known to them at the time of preparation after reasonable inquiries, inadvertent errors may exist or the subsequent receipt of information may result in material changes in financial and other data contained in the Schedules and Statements that may warrant amendment of the same. Moreover, because the Schedules and Statements contain unaudited information that is subject to further review and potential adjustment, there can be no assurance that the Schedules and Statements are complete or accurate.

SCHEDULE F - CREDITORS HOLDING UNSECURED NONPRIORITY CLAIMS

State the name, mailing address, including zip code, and last four digits of any account number, of all entities holding unsecured claims without priority against the debtor or the property of the debtor, as of the date of filing of the petition. The complete account number of any account the debtor has with the creditor is useful to the trustee and the creditor and may be provided if the debtor chooses to do so. If a minor child is a creditor, state the child's initials and the name and address of the child's parent or guardian, such as "A.B., a minor child, by John Doe, guardian." Do not disclose the child's name. See, 11 U.S.C. §112 and Fed. R. Bankr. P. 1007(m). Do not include claims listed in Schedules D and E. If all creditors will not fit on this page, use the continuation sheet provided.

If any entity other than a spouse in a joint case may be jointly liable on a claim, place an "X" in the column labeled "Codebtor," include the entity on the appropriate schedule of creditors, and complete Schedule H - Codebtors. If a joint petition is filed, state whether the husband, wife, both of them, or the marital community may be liable on each claim by placing an "H," "W," "J," or "C" in the column labeled "Husband, Wife, Joint, or Community."

If the claim is contingent, place an "X" in the column labeled "Contingent." If the claim is unliquidated, place an "X" in the column labeled "Unliquidated." If the claim is disputed, place an "X" in the column labeled "Disputed." (You may need to place an "X" in more than one of these three columns.)

Report the total of all claims listed on this schedule in the box labeled "Total" on the last sheet of the completed schedule. Report this total also on the Summary of Schedules and, if the debtor is an individual with primarily consumer debts, report this total also on the Statistical Summary of Certain Liabilities and Related Data.

☐ Check this box if debtor has no creditors holding unsecured nonpriority claims to report on this Schedule F.
